

For Immediate Press Release:

Travco Motor Home Rally in Kentucky 2003

MyTravco.com will host a rally for Travco motor home owners and families from all over America at Prizer Point Resort on Lake Barkley, Kentucky during the third week of June 2003. Travco motor homes were manufactured during the 60's and 70's and continue to be valued among the best motor homes ever made. The rally, entitled "Travstock" - borrowing from the Woodstock era of that same 60's and 70's period - will be our second gathering. Over thirty Travcos with 100 people are expected.

During the rally, participants can take place in community meals, seminars, leisure activities, kids events, and two concerts. The *Steve Lindell Band* will perform Thursday night. *Spontaneous Combustion* will perform Friday night and Saturday afternoon. Boating and touring areas of interest on Land Between the Lakes highlight the trip. Our seminars will focus on RV glass and chassis suspension this year.

Webmaster and event organizer Tony Peregoy stated, "We try to hold this rally in a location that is centrally located for all attendees. It is difficult to find a campground or RV park that can host Travstock since we do hold meetings, dinners, and other functions, and need a large shelter or pavilion. After searching the Midwest area, I zeroed in on Prizer Point Resort on Lake Barkley near Land Between the Lakes, Kentucky. The site is beautiful, and the owners have been very accommodating. We anticipate a large turnout of these head-turning, fiberglass-bodied classic RVs. Some will be as old as 40 years but all are still running strong. I know we all look forward to meeting new friends in Kentucky and enjoying the local flavor of the area. Having personally vacationed in Kentucky last year, I knew it would meet and exceed our expectations. Prizer Point seems to be the diamond in the treasure chest."

Last year's event was held at Basswood Country Resort near Kansas City, Missouri. It was a huge success and this rally at Prizer Point will surpass that. The public is invited to come by on Saturday, June 21, 2003, to roam among these luxury motor coaches and talk with the owners. Owners constantly tell of other RV owners bestowing the glory of the mighty Travco. The most commonly heard phrase is "they don't make them like that anymore." Being years ahead of their time, the Travco offered features still only found of the best motor homes of today.

MyTravco.com (www.mytravco.com) is the largest classic motor home web site on the internet and is solely focused on Travcos. The site has been active for 2 years.
